JOE COSTER SHAKES UP ATTELL

Abe Forced to Extend Himself in 10 Round Bout in Brooklyn—Coster Nearly Puts Him Through the Ropes.

New York, Jan. 9.—Joe Coster of Brooklyn had a shade the better of Abe Attell in a fast and clean ten-round bout before the Vanderbilt A. C. in Brooklyn tonight. Attell was forced to extend himself at all times to hold his own and in the tenth round Coster was at him with a rush and with a hard right to the jaw nearly put the featherweight champion through the ropes.

Attell came back strong and both were fighting seriously at the bell.

409 RACERS NAMED FOR JOCKEY CLUB FUTURITY
Big List for the Sport of Kings in 1913 at Sheepshead.
New York, Jan. 9.—Another note of encouragement for those interested in the "sport of kings" is sounded in the announcement today of nominations for the Jockey Club Futurity, to be run in 1913. Despite conditions created by adverse legislation, the club announced today that nominations had been received when entries were closed on January 3. Among those making nominations are August Belmont, E. B. Cassatt, J. B. Haggins, Thomas C. McDowell, C. Mackay, H. P. Whitney, R. T. Wilson, E. F. Clay, E. R. Bradley, James R. Kenne, Henry T. Oxnard, W. O. B. McDonough, J. E. Madden, R. H. Carter, Potter, R. Schreiber, Woodford, Clay, A. B. Spreckels, Irving H. Wheatcroft and Catesby Woodford.

Contracts and Releases.
New York, Jan. 9.—President Lynch of the National League announced the following contracts and releases to-night:
Contracts.—With Brooklyn, P. M. McElveen; with Cincinnati, George Sullivan; with Philadelphia, Fred W. Luderus; with Boston, William M. Baxter.
Releases.—By Boston to Fall River (N. E.), George E. Walsh; by Brooklyn to Atlanta (S. A.), George C. Cables; by Chicago to Louisville (A. A.), Arthur Sewell; by Pittsburgh to Indianapolis (A. A.), William Robertson; by St. Louis to Chicago (N. L.), Victor G. Williams; by Buffalo (E. L.), Frank Corridon; to Toronto (E. L.), John C. Lush; to Newark (E. L.), A. Rankin Johnson.

Chicago's Old-Time Baseball Idol Arrested.
San Francisco, Jan. 9.—William Lange, former idol of the Chicago National League ball club, was arrested today in this city for exceeding the speed limit in the automobile which was presented him by Chicago baseball enthusiasts when he visited that city in the world's championship series between the Athletics of Philadelphia and Chicago. Lange was making his first trip at the wheel when he was arrested.

Favorites Won on Slop Track.
Oakland, Cal., Jan. 9.—The races were run over a sloppy track at Em-

eryville today. Favorites and well-placed horses led their fields home. Thistle Belle led all the way in the Appleau Handicap, beating Fountain Square and Aracoe.

NEW LONDON ROLLERS.
LEAD BY 35 PINS.
Norwich Ducky Five Loss in First Half of Six-Game Series.

Norwich ducky rollers from the Rose alleys lost the first half of a six-string match for total pinfall in New London on Monday night, by failing to score behind the New London five on the Y. M. C. A. alleys, 1273 to 1244. The return match of the series is to be rolled two weeks later on the Rose alleys, where the Norwich team should have little trouble in more than making up the 35 on their home alleys.

Both teams found themselves at a disadvantage Monday night in New London because the alleys had been newly polished that day, but this had the most effect on the scores of the Norwich five, as they are accustomed to rolling on sandpapered alleys. Last at that Manager Stone pulled off the high single, 106, and the Norwich five chalked up high team string, 455, while Knowledge of the New Londoners took the individual high three string total of 269, just beating out Manager Stone of the Norwich team by one pin.

The following were the scores:
New London
Watts 83 83 84 250
Knowlton 103 83 81 287
Bush 85 93 79 257
Baratz 77 90 96 263
Dalton 91 70 70 240

Norwich
Combes 95 81 81 257
Sturtevant 76 73 77 226
Kendal 90 83 74 247
Stone 106 83 79 268
Graves 88 82 76 246

A bunch of 13 rollers from Greenecove is coming down to the Rose alleys tonight to make it a Greenecove roller derby in order to settle a dozen or more individual and team challenges that have been floating around the village in the past week.

Those who won the places and prizes in the rolloff of the two-man team tourney last week were McCafferty-L. Young, first, 724; McCafferty-Hill, second, 685; Hill, third, 674.

The following men have qualified for the rolloff this week: Combes-Stone, 688; McCafferty-Stone, 666; Hill-Frost, 653; McCafferty-Combes, 622; Hill-Stone, 609; Combes-Stone, 608; L. Young-Hill, 597.

1911 Sporting Annual.
T. S. Andrews of Milwaukee, Wis., sporting editor of the Evening Wisconsin, is publishing his 1911 Sporting Annual Record Book, containing records of all the noted fighters, trotting, racing, running, bowling, athletic, baseball, automobile, aeroplane, etc.

The book contains many fine illustrations of the world's prominent fighters, and all the up-to-date records. It is now the leading sporting annual of the country. Copies can be had for 12 cents by addressing the publisher.

To Roll Ducky Pins in Western.
The Roderick Colts, who defeated the C. B. C. ducky pin team of Western last week, go to Western on Friday evening for the return match. The Colts got two out of three strings last week and expect to do as well or even better next time.

PRODUCING EARLY SPEED.
Some of the Fastest Youngsters Come from Mares Well Along in Age.

The proprietor of the leading stock farms of the country, who recently imported to buy a certain brood mare, is reported to have refused to buy on the ground that the mare was no longer young, and stated that he was desirous of breeding early speed. His contention was that the way to produce futurity winning colts was to mate young mares with young stallions. A famous statesman once said that the only way to judge the future was by the past, and the history of the star two and three year old trotters hardly bears out the contention of this breedman. Just as a test, a western writer investigated the ages of the dams of the three 2 year old trotters and the 19 3 year old trotters which have taken out of 2.10 or better, and find that in the case of the 2 year olds the figures are all in favor of the older matrons, the average age before reaching Kalemauzoo, last season's starting point, Buffalo probably will be in the circuit and representatives of both Readville and Hartford are here.

One of the first topics taken up was the equalization of records made on mile and half-mile tracks for racing classification. After a thorough discussion a resolution was passed recommending that a difference of three seconds be made by the parent trotting associations, which would enable trotters or pacers taking a record of 2.10 on a mile track to start in the 1.2 mile half-mile track.

The stewards will arrange the schedule for 1911 at tomorrow's meeting. It is practically certain that the circuit will open at Indianapolis and take in Grand Rapids before reaching Kalemauzoo, last season's starting point. Buffalo probably will be in the circuit and representatives of both Readville and Hartford are here.

GONG SAVED MCCARTHY
AT LEAST THREE TIMES
Packy MacFarland Has Long Lead on San Francisco Boy.

Kansas City, Mo., Jan. 9.—Packy MacFarland of Chicago won the decision over Johnny McCarthy of San Francisco in a ten-round bout here to-night.

The Chicago boy, after leading by a wide margin in every round, left the ring unmarked. McCarthy's face was badly bruised. McCarthy fought a game fight, but MacFarland's dazzling footwork and his powerful blows kept him from being hurt. When he did land his blows did not seem to carry force.

MacFarland, to convince the fight followers that he was capable of reaching the lightweight limit of 133 pounds, weighed in at a few ounces over this mark. Whether the Chicago boy is possessed of the knockout blow was not settled tonight, but with lefts and rights he rocked the Pacific coast fighter's head and at last three times during the fight he gong saved McCarthy.

HUGHIE JENNINGS
A BRIDGROOM TODAY.
Will Marry Miss Nora O'Boyle of Scranton, Pa.

Manager Hughie Jennings, the peppery leader of the Detroit Tigers, will enter a new league today, and sign for life under a new manager. His last job was as a blushing bride, and is now known as Miss Nora O'Boyle, one of the belles of Scranton, Pa., where Manager Jennings hangs out his shingle. For Hugh goes back to his old home and the courts after the strenuous campaign of a baseball season is over.

With one exception no invitations have gone beyond a circle of immediate relatives. "I didn't want to slight anyone," explains Hughie, "and when I tried to remember all the good fellows who boosted me toward the top I found that I was up against a big job. I finally decided not to issue any invitations outside of our families."

"If I had my way I'd get married as quickly as Connie Mack did," declares Jennings.

Following the ceremony there will be a reception and wedding breakfast.

To Retire from College Athletics.
George Washington University, Washington, D. C., will not be represented.

FINANCIAL AND COMMERCIAL.

PRICES AGAIN ADVANCED.
Improvement in Local Banking Situation Felt on Exchange.

New York, Jan. 9.—Absence of any further complications in the local banking situation was of material assistance to today's stock market. The concerted and effectual methods employed by powerful interests to quiet the trouble to its source were received with lively satisfaction in stock exchange circles. The stand taken by the bankers was accepted as proof of the intrinsic strength of underlying conditions, and on this theory, perhaps, as much as any other, prices were again advanced. The short interest, whose proportion to the market is of much debate, joined in the movement by a hasty covering. Practically all of the better known securities touched the highest level in some westward movement concurrent gains in the more obscure issues.

Another favorable feature was the continuance on even a larger scale of the inquiry for bonds. As it has been the case for some weeks past, the greater part of this business was by direct sales, and total transactions of this character were probably the largest of any day in the recent history of the bond market. It was announced shortly before the close that the city had completed arrangements for the flotation of \$50,000,000 new bonds, but the interest rate and other details were not then disclosed.

Prices receded and the stock market languished during the early afternoon, chiefly on further realizing for profits, but the early activity was resumed in the last hour, the closing showing general gains, though below the day's best prices.

Foreign contributing factor was the greater ease in money, which opened at 4 per cent, and soon decreased fractionally on offerings in excess of demand. Local banks made large cash gains from the sub-treasury over the week end, and surface conditions point to steady gains from that quarter with resultant strengthening of reserves. Foreign exchange was slightly lower on offerings of cotton bills. Discounts abroad held firm and advances from London, where the markets were dull and heavy, suggests a renewal of the recent inquiry for gold from Indian and continental centers.

Large volumes of traffic are being handled at the important railway centers, according to reports from the west and southwest, but some falling off is shown compared with the heaviest business of the previous month.

This week's meeting of the steel manufacturers seemed to excite little interest, but the strength of the steel shares betokens little if any change in prices. The December report of the Copper Producers' Association showed a decrease in supplies on hand over 8,000,000 pounds, compared with the previous month, while production was about 4,000,000 pounds greater. The domestic demand fell over 2,000,000 pounds, but this movement was reversed in exports, which increased almost 21,000,000 pounds. The increased production was matter of surprise in trade circles, and copper shares were under pressure throughout.

The slight activity in Pacific Mail was associated with the introduction of a ship subsidy bill in congress today, although the proposed measure eliminates the trans-Pacific lines and favors only those serving South America.

Funds on the stock exchange were firm in sympathy with the stock market. Total values, par value, \$3,446,000. United States government bonds were unchanged.
